This year's Civics Challenge competition will feature several questions from Pastor Matthew Trewhella's book,

The Doctrine of the Lesser Magistrates

America has entered troubling times. The massive expansion of Federal government power with its destructive laws and policies is of grave concern to many. But what can be done to quell the abuse of power by civil authority? Are unjust or immoral actions by the government simply to be accepted and their lawless commands obeyed? How do we know when the government has acted tyrannically? Which actions constitute proper and legitimate resistance?

This book places in your hands a hopeful blueprint for freedom. Appealing to history and the Word of God, Pastor Matthew Trewhella answers these questions and shows how Americans can successfully resist the Federal government's attempts to trample our Constitution, assault our liberty, and impugn the law of God.
